

VNJOLIROJA

M/Y Vajoliroja

MOTOR YACHT VAJOLIROJA

THIS 43.6 meter motor yacht was built by Proteksan Turquoise and launched in 2001. Vajoliroja is a yacht of distinctive character, inspired by the classic gentleman's yachts of the 1930's. Behind her beautifully drawn lines lies an utterly modern vessel offering all the latest technological advances to make cruising aboard this charming yacht comfortable, fast and safe. Her lavishly styled Art Deco interior evokes all the romance and glamour of a by-gone era. Vajoliroja promises adventure in luxurious comfort and head-turning style.

THE UPPER DECK

ON THE UPPER DECK Period references from the *Golden Age* abound. Gleaming teak panels, stainless steel stanchions, steamer chairs, funnels and a glazed hatch that sends shafts of light and a gentle breeze into the main saloon below. After breakfast sprawl out on the generous sunbathing mattresses with your favourite book or just enjoy the ever-changing, uninterrupted views. Rest assured that the Captain, at the helm in his pilothouse forward, will always find the quietest anchorages or the liveliest ports of call, depending on how the mood takes you. Plan your next adventure ashore or simply stay put and enjoy the rarest of luxuries - privacy.

THE MAIN DECK

THE MAIN DECK houses the Master Stateroom, the Main Saloon, with dining area and cinema, and a magnificent aft deck. The oval table here seats 10 for alfresco dining. Coffee tables sit behind on either side and half-moon seating hugs the stern. Double doors lead into the main saloon where you can sink into velvet sofas and watch a movie on demand or play one of the many vintage games. Specially commissioned Art Deco furniture, rich feather & fur trimmed window dressings, unique objet d'art and collectors books create a theatrical, bohemian atmosphere.

THE LOWER DECK

FOUR beautifully appointed guest suites are situated on the lower deck at the foot of the banistered staircase amidships. There are two double cabins and two twin cabins, one with bunks. In each of the cabins silk wall panels shimmer in the light that streams in through the traditional Edwardian style portholes. The atmosphere is decidedly romantic, authentic touches and interesting details such as 1930's writing sets, Bakelite telephones and Art Deco treasure boxes add character to these charming, comfortable cabins.

En suite guest accommodation on the Lower Deck.

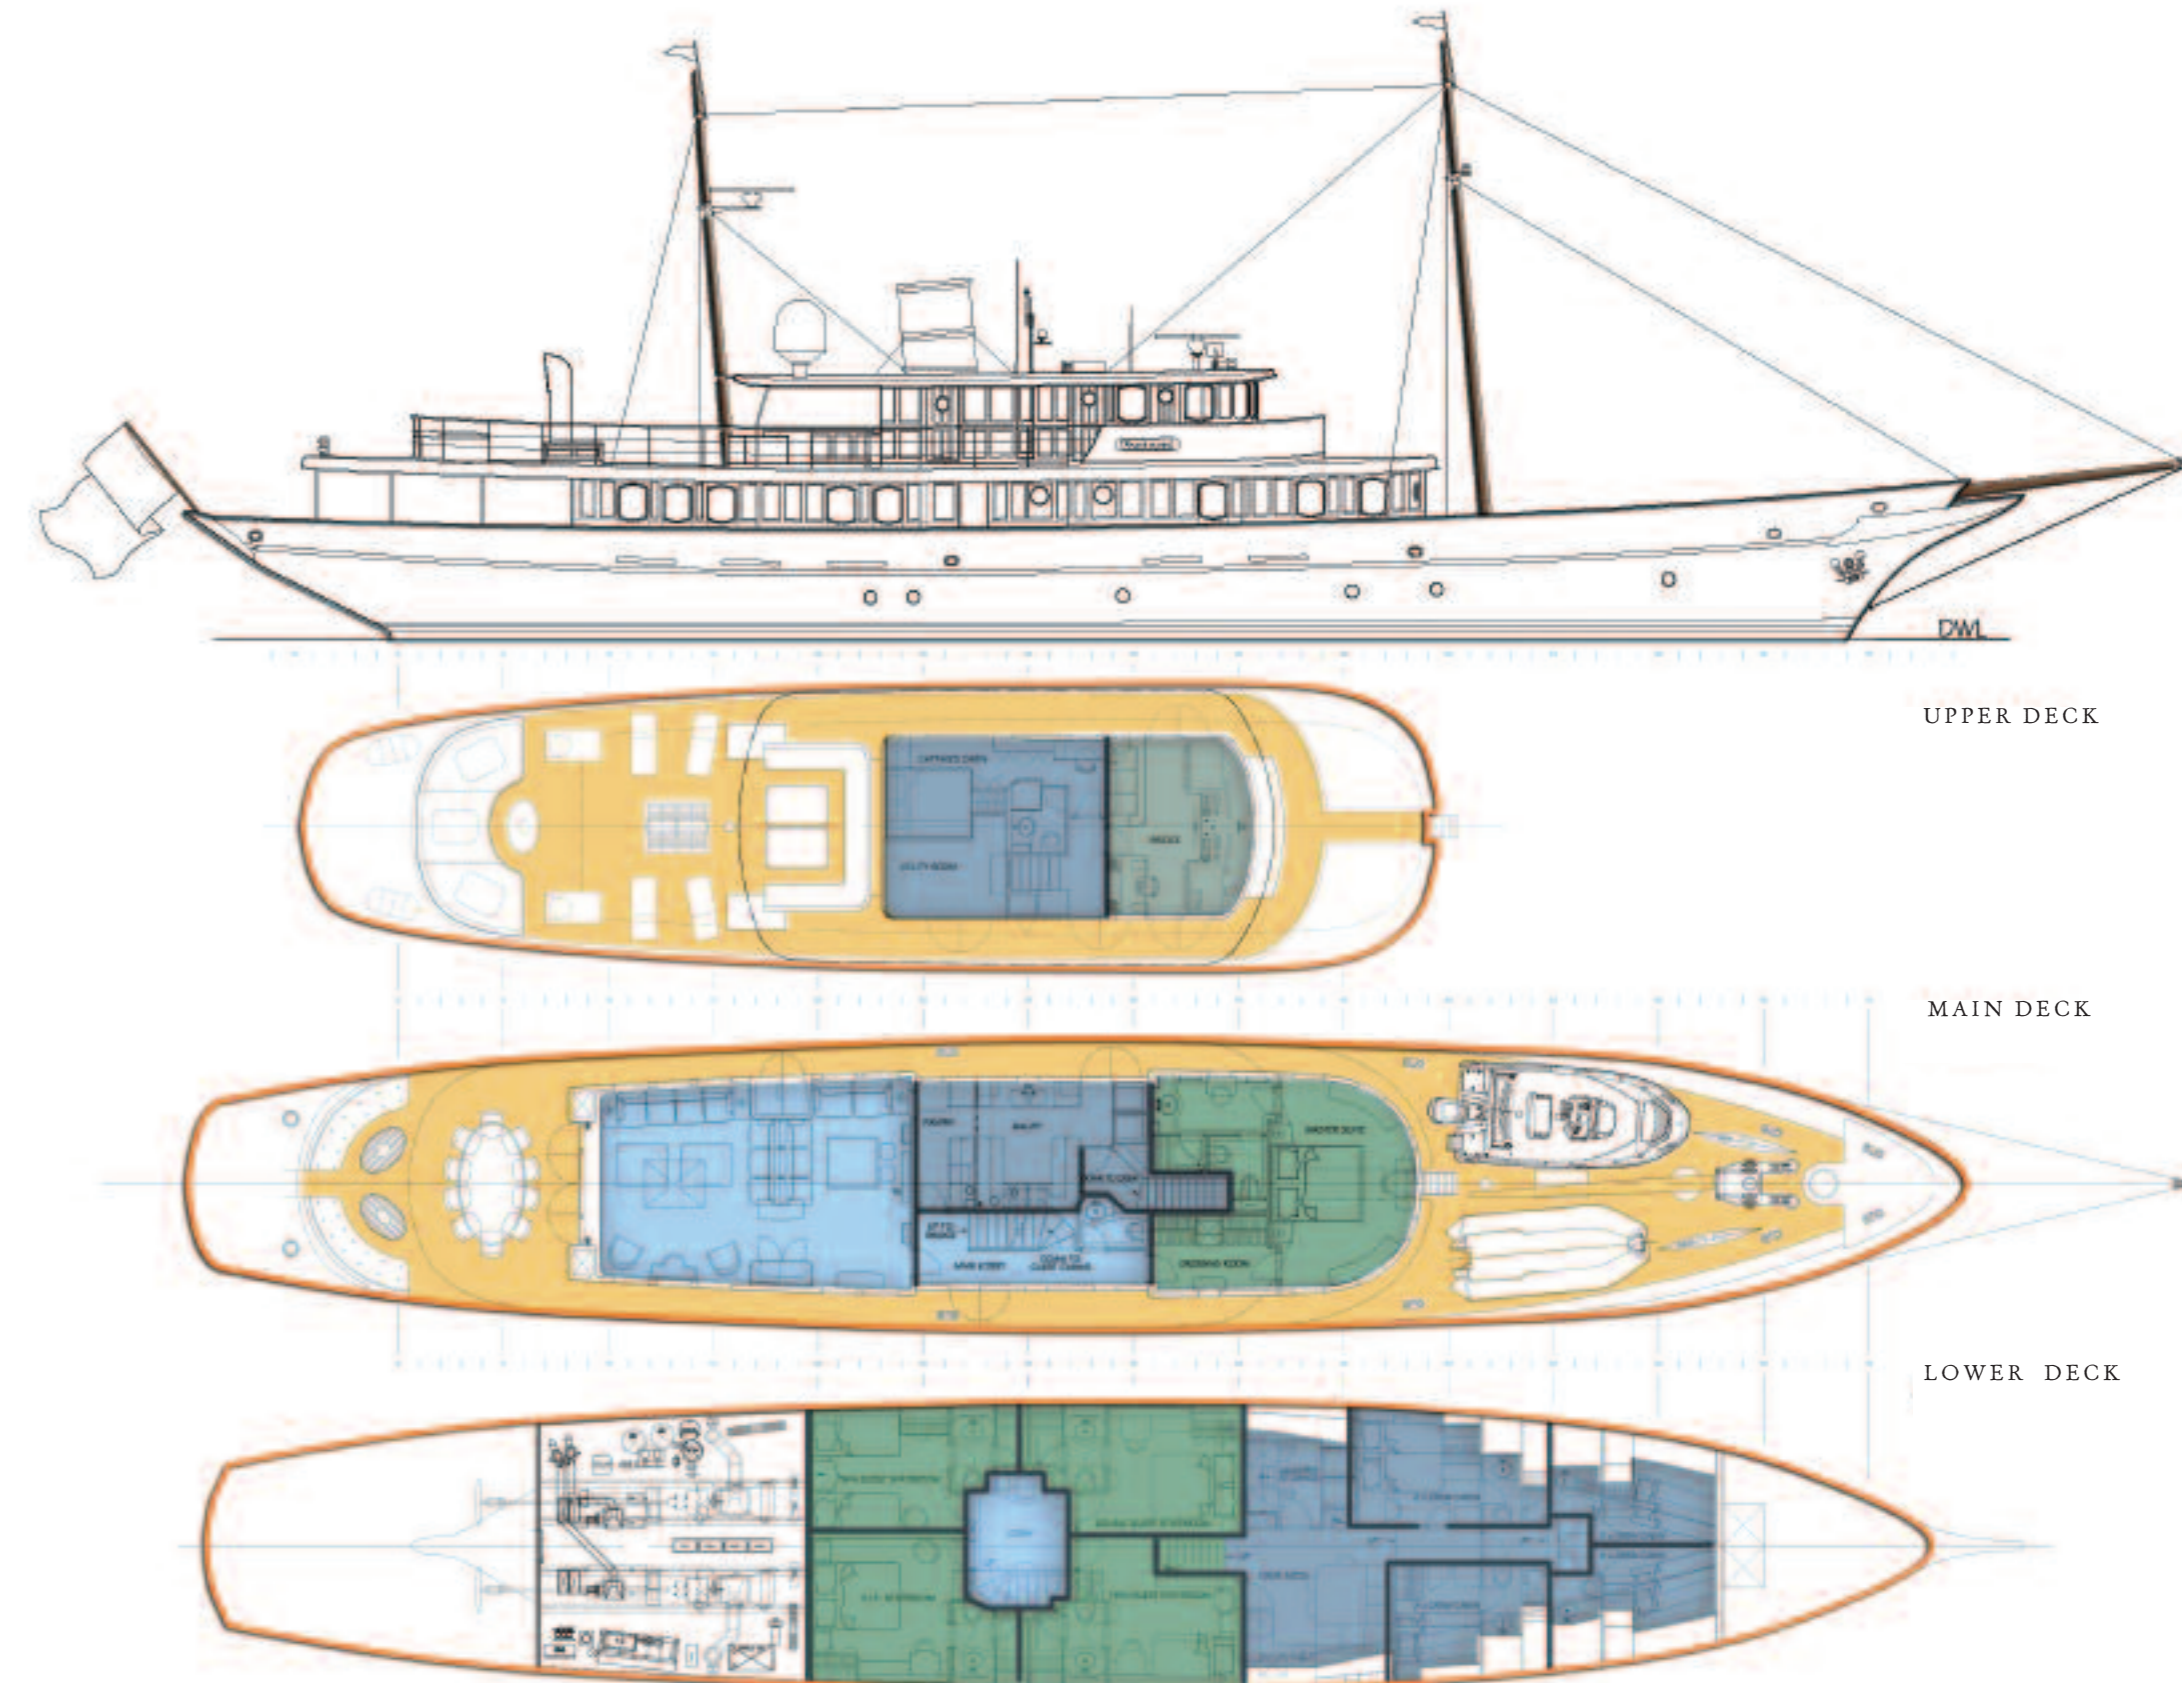

SPECIFICATIONS
