YACHT FOR CHARTER

CUSTOM BUILD

ANIMA MARIS

QUIET ELEGANCE, MADE TO BE SHARED

At 49 metres, luxury motor-sailer ANIMA MARIS combines the romance of traditional sailing with the volume, comfort and sophistication usually associated with a much larger superyacht.

Refined yet effortlessly relaxed, she accommodates up to 12 guests in six spacious en-suite cabins, including an exceptional 42m^2 Master suite and a 38m^2 VIP suite of comparable comfort—making her ideal for two families travelling together.

Her expansive 230m^2 sundeck features a jacuzzi and open-air bar, with fitness equipment available for workouts beneath the open sky, while an extensive collection of water toys brings adventure to every day. With Split as her home port, ANIMA MARIS cruises south to Montenegro and north along Croatia's spectacular coastline to Venice, delivering tailor-made charter experiences that are as memorable as the destinations themselves.

MAIN DECK

Where Life Unfolds

The interior of Anima Maris is classical in sensibility and warm in execution. Dark wood, considered lighting, materials with weight and texture. Nothing about it feels temporary or trend-led. It is the kind of space that becomes more comfortable the longer you are in it.

Fine dining on board finds its natural home here. So does everything that comes after.

Gentleman's Retreat

At the heart of the salon sits the bar, and it is the soul of the yacht after dark. The atmosphere it creates is closer to a private gentleman's club than anything you would expect to find at sea: deep and unhurried, built for long evenings rather than quick drinks.

A Layout Built Around the People on Board

The accommodation is centred around two exceptional full-beam suites: a 42-square-metre Master and a 38-square-metre VIP. Comparable in size, comfort and amenities, both can truly be considered Master suites, making Anima Maris particularly well suited to two families sharing a charter, with neither having to compromise on the principal suite. In addition, there are two double cabins and two convertible cabins, each 22 square metres.
