DISCOVER

Arianna centers on the concept of being a home away from home no matter how many miles or days guests choose to travel, an effect that is masterfully achieved through the luxurious layout and classic, wide-open architecture of the interior. When underway, the insulation of the engine room keeps *Arianna's* 7,500 square feet of impressive living space perfectly quiet.

Fully designed and engineered in-house by the Delta Design Group, *Arianna* boasts 522 long tons, an internal capacity of 822 gross tons, and a beam of nearly 10.4 meters, giving her more volume than any other 50-meter yacht in the world.

SUN DECK

Living up to the owner's vision of a luxurious Polynesian-themed paradise, *Arianna's* sun deck welcomes its guests with a teak decked oasis wrapped in panoramic 360° views. Slip into the spacious jetted Jacuzzi tub, relax with a refreshing cocktail from the island bar, lounge under the sun, or relax in the shade under the lightweight carbon fiber bimini top.

AL FRESCO

Anchoring the design are the multiple outdoor areas that invite a wide variety of al fresco dining. Guests can choose to enjoy the large seating area on the main deck, the dining area on the owner's private deck, the large sun deck island bar, or the 12-guest teak dining table on the sun deck. *Arianna's* classic décor and layout provide a refuge to enjoy life at sea anywhere guests choose to go.

UNDER THE SUN

Arianna offers guests a worthwhile cruise experience balancing tranquility with a variety of other more energetic pursuits. With dive gear, compressors, and certified crew onboard, *Arianna* is an elegant world cruiser equipped perfectly to meet a diverse range of guests' preferences.

OWNER'S LOUNGE

What makes *Arianna* unique is more than her impressive interior volume. The focus on family and the feeling of home is immediately apparent in the interior layout of the owner's lounge. This private area joins the owner's suite with a twin stateroom that is suitable for children, family, or guests.

The owner's lounge includes a wet bar with verde granite bamboo counters, elegant and comfortable seating, a convenient work desk, and a concealed HD TV entertainment area. Combined, these elements create the intimacy and comfort of a home at sea.
