Modern Comfort, Seamless Cruising

BELLA LUNA is a 26.3m Monte Carlo Yachts flybridge yacht that feels very well judged for modern charter use. Her recent refit, practical deck arrangement and comfortable lower-deck guest accommodation make her a strong option for families or mixed groups looking for something stylish, manageable and easy to enjoy from the outset. She offers an impressive amount of outdoor space for her size, with aft deck dining, a foredeck lounge with optional shade, a sundeck Jacuzzi with seating and sunpads, and a hydraulic swim platform for easy access to the water. The fold-out balcony off the main saloon adds to the yacht's strong indoor-outdoor feel and giving guests another spot to enjoy at anchor.

Inside, BELLA LUNA has a warm, contemporary atmosphere, with large windows bringing plenty of natural light into the main saloon. The layout combines a comfortable lounge with a separate dining area, creating an interior that feels open, practical and welcoming rather than overly formal.

Accommodation is for up to 10 guests across 4 cabins, comprising a full-beam master suite, a VIP double, and two convertible twin cabins, each with an additional Pullman if needed. Combined with stabilisers at anchor and underway, Starlink connectivity, air conditioning, a Jacuzzi and a good selection of toys BELLA LUNA presents as a well-rounded, guest-friendly yacht with broad charter appeal.

BELLA LUNA

Communications Equipment

Wi-Fi internet via Starlink and 4G/5G where available
