---

Crafted by the iconic Espen Øino and featuring a sophisticated Christian Liaigre interior, CLOUDBREAK is a masterpiece of northern European engineering, built to the highest standards by the renowned shipyard Abeking & Rasmussen. Equipped with an extraordinary selection of tenders and toys, she promises to deliver unforgettable experiences.

CLOUDBREAK can welcome up to 12 charter guests overnight in six sumptuous staterooms. On the main deck, the stunning master suite has a fresh, modern look and a full range of luxurious amenities. Two large terraces offer panoramic views, one of which features an outdoor daybed, allowing guests to sleep under the stars while cruising.

There are five guest cabins located on the lower deck, decorated in a chic, neutral colour palette and featuring a curved design that maximises their generous size and natural light. A dedicated guest corridor provides direct access to the yacht's beach club, creating a seamless flow between indoor comfort and outdoor indulgence.

Wellness is at the heart of the CLOUDBREAK experience. Her onboard spa facilities include a treatment room where guests can enjoy massages, beauty therapies, acupuncture, and holistic fitness sessions, including yoga, Pilates, and personal training—delivered by the professionally trained crew.

CLOUDBREAK is undoubtedly the best-equipped and most luxurious expedition yacht ever launched.
