

MONTE CARLO YACHTS 66

MONTE CARLO YACHTS 66 was awarded in 2021 with the Ship Design Award and we consider her the flagship of our fleet. The boat has a length of 66 feet (20.11 m) and because of its sophisticated design is among one of our most luxurious and largest yachts.

THE BOAT

In addition, the boat has a stabilizer system that allows you to enjoy a smooth sailing, also, in times of high waves, it is ideal for passengers prone to seasickness who do not want to do without enjoying a luxurious yachting vacation. The salon offers an open space between the galley and the forward living area. The bow sundeck invites you to sunbathe during the day, and to spend romantic evenings with champagne as it sets. The unique and sophisticated modern décor of the MONTE CARLO YACHTS 66 catches the eye throughout her entire length.

Well positioned portholes give the MONTE CARLO YACHTS 66 a striking appearance and provide ideal lighting conditions. The iconic design of these portholes intensifies the intimate and relaxing feeling, especially in the owner's cabin.

The MONTE CARLO YACHTS 66 model MCY66 offers a perfect arrangement of spaces and a stunningly luxurious interior, made of natural stone, Italian leather and many other high quality materials used for the award-winning design of this yacht.

THE INTERIOR

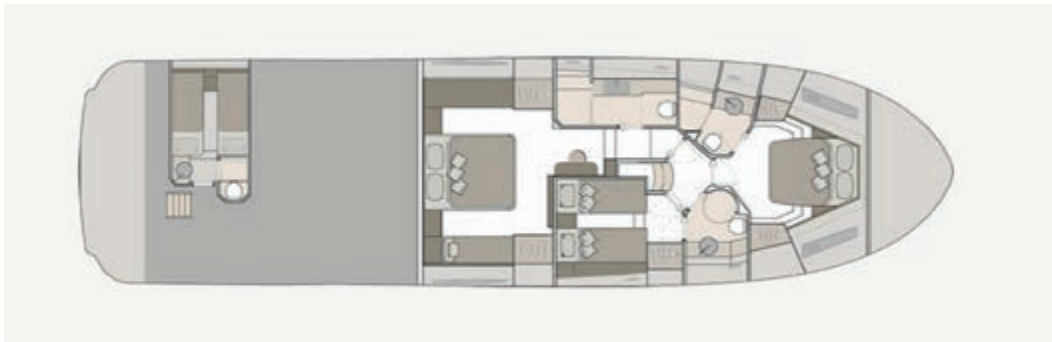

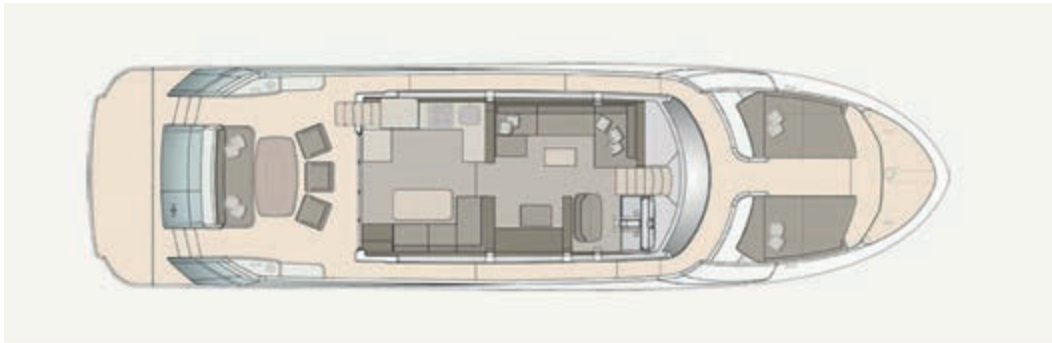

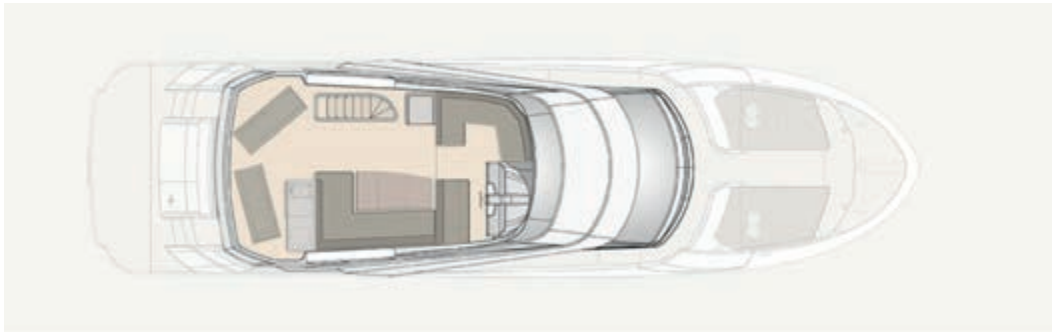

The three cabins with en-suite bathrooms are fully equipped, just like the rest of the yacht. Therefore, our clients will be able to enjoy the fruits of the long-standing cooperation with the NUVOLARI LENARD DESIGN STUDIO.

The use of high-quality reflective materials, mirrors and lacquered wood, in combination with large side windows, increases the natural clarity on board. The wood and marble elements used are made of the finest materials and designed with the utmost care and attention to detail.

THE SERVICE

Our goal is and to facilitate an unforgettable experience without stress and for our clients to enjoy the sea. In that sense, we will always try to find the best plan for the day, either adapting the route to, for example, a stop at a restaurant or looking for the best anchorages depending on sea conditions and the weather in general.

We are aware of restaurants that can collect clients by dinghy or can offer catering on board. We also work with catering companies, in case the client wants to spend the day in less crowded areas.

In addition, our service on board offers, in a DIFFERENTIAL way and with no additional cost, activities such as 2 Standup paddles, 1 Seabob, snorkeling equipment, and towels.
