

MONTE FINO 70

MONTE FINO 70
is the latest addition to
our fleet with a range of
600 to 1500 nautical
miles.

THE BOAT

MONTE FINO 70 is a completely renovated classic beauty that we would like to recommend to you, as she has been tastefully refitted. Through custom fabrication, the PEARL design team has developed a completely new and open loft style concept. This design combines the kitchen with a sunny and informal dining area. It has 2 double cabins and 1 twin cabin to ensure that your friends and/or family can enjoy great times on board. All cabins have their own bathroom. It also offers fantastic outdoor areas where you can enjoy a nice lunch or relax in the sun watching the magical Mediterranean Sea.

Our design team has incorporated a bathing platform at the stern which makes the yacht reach 23.16 m in length. The galley, incorporated in the main salon, is equipped with all the necessary technical facilities. The beautiful a-temporal line of MONTE FINO 70 and its pleasant flybridge increase the leisure space available during your vacation on board.

Thanks to the refit carried out on this MONTE FINO 70, the yacht has years of useful life and is ready to welcome again families or groups of friends ready to enjoy a dream vacation.

THE INTERIOR

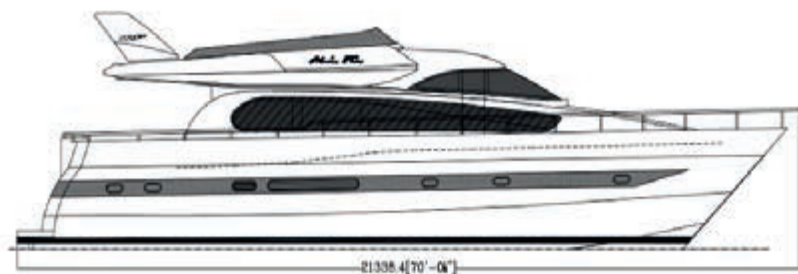

For MONTE FINO 70 a revolutionary and open loft-style design was created by PEARL Yacht Design, linking the galley with a sunny and informal living/dining area, where the wheelhouse is also located. The form and function of the yacht are therefore the best choice for a relaxed and exclusive open-air vacation.

The owner's cabin is located at the stern, and offers everything you need for a luxurious night on board: soft lighting, cherry wood cabinets, an oversized double bed, a large dressing table, a lounge area, bedside tables and a luxury en-suite bathroom. In addition, extra-large windows were incorporated to let in plenty of natural light and offer an idyllic view of the sea, sunsets and coastline.

Skipper

THE SERVICE

Our goal is and to facilitate an unforgettable experience without stress and for our clients to enjoy the sea. In that sense, we will always try to find the best plan for the day, either adapting the route to, for example, a stop at a restaurant or looking for the best anchorages depending on sea conditions and the weather in general.

We are aware of restaurants that can collect clients by dinghy or can offer catering on board. We also work with catering companies, in case the client wants to spend the day in less crowded areas.

In addition, our service on board offers, in a DIFFERENTIAL way and with no additional cost, activities such as 2 Standup paddles, snorkeling equipment, and towels.
