## CHIEF ENGINEER

**Aivo Sauendi**  
**Estonian**

Originally from Estonia, Aivo brings a dynamic blend of engineering expertise and deck operations experience to his role aboard M/Y Nineteen 42. With over six years on board a private Leopard 27 cruising the Mediterranean — including St. Tropez, Antibes, Corsica, and Sardinia — he has built a strong foundation in both guest-facing duties and technical yacht maintenance.

Aivo's core strengths lie in preventative and corrective engineering, including generator diagnostics, engine servicing, and full oversight of bilge and engine room operations. He has also supervised major yard periods and refit projects, demonstrating strong attention to detail and quality control.

In addition to his mechanical acumen, Aivo supports daily deck operations such as washdowns, tender handling, and water toy assistance. His background as a certified personal trainer and military team leader adds discipline, reliability, and a quietly confident presence to the crew.

Aivo holds a full set of maritime certifications, including STCW, SSO, and Able Seafarer in Engine (STCW 2010), along with a 24m boat licence. He is fluent in English and Estonian, and has a working understanding of Russian. A true team player, Aivo ensures everything below deck runs smoothly while also supporting seamless guest service on the exterior.
