# Severin\*s

SEVERIN\*S offers a mix of classic Italian design and well-planned spaces with an exemplary finish both inside and out, thanks to Francesco Paszkowski Design and Margherita Casprini.

With her incredible sun deck offering 160 square metres of socialising space complete with a swimming pool and bar, along with al fresco dining options and an incredible beach club, SEVERIN\*S provides the perfect setting for soaking up the Mediterranean sunshine.

Inside, there's a lavish central lobby with marble lift that connects the three decks. Her main salon is the ideal spot to relax in style and this leads to an in-and-out area that you can either enclose or open completely while the main deck salon aft is the place to unwind in style.

She's got a fabulous bar area and a round table with seating for 12 to provide a more formal dining experience. On the upper deck, you'll find another indoor lounge, games room and an al fresco dining table that seats up to 14 people.

SEVERIN\*S accommodates up to 12 guests across six luxurious cabins with a voluminous Master suite, complete with a walk-in wardrobe, private office, and ensuite bathroom.

The remainder of guests are accommodated across two VIP cabins, one double and one twin cabin. If you need more space, you can convert the multipurpose area on the bridge deck into a sixth cabin, or a massage room thanks to her onboard masseuse.
