# Silver Fox

Delivered in 2026, Silver Fox is Sanlorenzo's new flagship—a masterpiece of Italian design, offering vast decks, sculpted interiors, and seamless indoor-outdoor spaces which sets the stage for unforgettable charter experiences.

Her sun deck invites al fresco dining and long afternoons in the open air, while the sky lounge provides a calm retreat with panoramic views.

A glass-bottomed pool floods the beach club below with light, leading to a wellness area complete with gym, fold-down platform, massage room, hairdresser area, sauna, hammam and cold plunge pool.

Every space is created for relaxation and connection, elevating the experience of life on the water.

Francesco Paszkowski and Margherita Casprini have crafted interiors that blend sculptural elegance with organic warmth. Soft geometry and flowing curves create an instinctive sense of balance, while custom rugs subtly define each space. A palette of matte woods and eclectic materials adds texture and individuality, resulting in an atmosphere that feels serene, sophisticated and entirely bespoke.

The Owner's Deck is a 300-square-metre private sanctuary with extensive open-air space dedicated to comfort.

The suite features a lounge and office, a walk-in wardrobe, and two spa-style bathrooms, one with a freestanding tub.

A king bed faces a secluded forward terrace with a jacuzzi, ensuring privacy and uninterrupted sea views.

Guest accommodation is equally refined, with five ensuite cabins located on the main deck: four convertibles and a full-beam VIP suite with its own living room.

Sliding panels allow the VIP's salon to be closed off from the sleeping area, creating an intimate retreat that feels like a private apartment.

On the main deck, the salon combines a relaxed lounge and cinema area with a separate dining zone, divided by a sleek bar unit.

Together, these areas span 130 square metres and feature sliding glass doors on both sides, opening the space to sea views and a gentle breeze. Aft, a spectacular glass-bottomed pool floods the beach club below with natural light, creating a serene connection to the sea.

The beach club is dedicated to wellbeing, featuring a gym with fold-down terrace, massage suite with a hairdresser zone, sauna, hammam, cold plunge pool and a family room for younger guests. When opened to the water, the entire area transforms into a generous waterfront retreat.
