

TOGETHER

LENGTH 28.97m (95'1") BUILDER Ferretti BUILD 2025

TOGETHER

TOGETHER is a 95' (28.97m) Ferretti 940, accommodating 10 guests in five en-suite cabins, cared for by a professional, highly guest-focused crew. She offers an easy, comfortable charter platform perfectly suited to cruising the West Mediterranean, with an open, modern layout that feels genuinely relaxing to live on.

The main deck aft immediately sets the tone as a true all-day space, arranged around a teak dining table for 10 with generous bench seating under the aft overhang. Glass railings keep the views wide open, maintaining a strong connection to the sea. Automatic sliding doors lead into the bright, calm salon, finished with warm parquet flooring, two large sofas and full-height glazing. Forward, the interior dining area seats 8–10 guests around a light marble table with tan leather chairs, ideal for relaxed evenings indoors.

Indoor and outdoor living blend seamlessly on board. A fold-out starboard balcony creates a waterside terrace feel in the salon, offering an easy spot for a coffee under way or a quiet moment beside the water, before moving forward to the bow lounge. Up front, deep wraparound seating and a low table create a private escape with open views, perfect for peaceful mornings, reading time or quieter moments away from the main group.

The flybridge is the heart of TOGETHER's charter lifestyle. Designed as the primary daytime hub, it features an electric-opening hardtop, dining and lounge seating for 10, and a fully equipped bar with fridge, icemaker, BBQ and teppanyaki grill. Sun loungers and generous open space allow guests to spread out comfortably, with the deck naturally transitioning from daytime socialising to sunset drinks and relaxed evenings.

Accommodation is arranged for privacy and flexibility. The full-beam Owner's suite on the main deck is a standout, offering a forward-facing queen bed, walk-in wardrobe, vanity desk, lounge seating and a contemporary en-suite with twin sinks and walk-in shower. On the lower deck, three VIP double cabins and a convertible twin cabin make her equally well suited to couples, families or mixed groups.

At water level, the reinforced hydraulic swim platform lowers to provide easy access to the sea and watersports, quickly becoming the yacht's beach club. The transom garage opens directly onto the platform and houses a Williams SportJet 435 tender, with additional toy storage, a dedicated fuel station and an efficient launching system.

TOGETHER cruises comfortably at 21 knots with a top speed of 29 knots. Zero-speed and underway stabilisers, combined with super-tropical air conditioning, ensure comfort both at anchor and while cruising, delivering a smooth, effortless charter experience throughout the Riviera.
