# ELEGANCE & PERFORMANCE

---

Built in 2024 by Sanlorenzo Spa, VAUBAN is an impressive 36.92m charter yacht, defined by her luminous interiors and layout.

Onboard, guests can take advantage of multiple open areas, tastefully decorated staterooms, and state-of-the-art entertainment systems. Five staterooms, including a master suite on the main deck, two double VIPs, and two convertible cabins, can comfortably accommodate up to eight guests.

The light-filled main salon features ample lounging chairs and sofas, a convertible table which offers flexible dining solutions, as well as a beautiful retractable balcony, bringing the outside in. Adjacent is the spacious aft deck area with additional seating and covered roof for protection from the elements.

The master cabin, complete with panoramic windows, walk-in closet and ensuite, is situated on the main deck with direct access to the forward deck. The sun pads at the bow, which can be set up with detachable shades, are the perfect spot to relax and enjoy sea views. The lower deck of the yacht has four additional guest cabins. Large windows, television screens, closets and ensuite marble and glass bathrooms are features found in every cabin.

A second helm station, a Teppanyaki grill, comfortable sofas and sun loungers, and a dining table that seats ideally eight people are all located on the flybridge.

---

FOR CHARTER

VAUBAN

With its spacious interior areas and easy access to the outdoors, VAUBAN is the ideal yacht for entertaining or relaxing. The yacht's design offers an inviting environment with lots of natural light and multi-functional areas.

Designed to blur the boundaries between the exterior and interior, VAUBAN will make you feel at one with the ocean. The interiors by Zuccon International Project use a palette of subdued beige, grey, and cream to create a laid-back yet ultramodern vibe.

The salon's large windows and sliding doors let in plenty of natural light, which highlights the yacht's connection with the sea. Stained wood and lacquered storage cabinetry, accent pieces, and carefully chosen textiles all contribute to the well-considered design.

This connection with the sea is made literally via the retractable stairs which provides direct access to the sea from the large beach club.

Before dining outside as the sun sets, spend some time unwinding on the flybridge or aft deck. If you prefer the comfort of the luxurious interiors, VAUBAN provides onboard WIFI, complete audiovisual equipment, and a TV outside on the flybridge, guaranteeing a wide range of entertainment options.

Delivering outstanding performance at sea with a top speed of 26.0 kn and a cruising speed of 15.0 kn, VAUBAN is ready for adventure. A Williams Jet 565 Tender, wakeboard, waterskis, underwater scooters, an SUP inflatable, an inflatable towable sofa and snorkelling gear are available to deliver a jolt of adrenaline when needed, or if guests want to explore hidden coves.

## 2 0 2 5   R E F E R E N C E S

---

“We had the most incredible two weeks aboard the yacht, truly an unforgettable experience from start to finish. The crew went above and beyond to make us feel comfortable, cared for, and completely at home. Their attention to detail, warm hospitality, and professionalism made the trip even more special. We’re leaving with full hearts, amazing memories, and so much gratitude for such a wonderful stay thank you so much.”

12th - 27th July 2025, Naples, Italy - Naples, Italy

---

“My client was extremely happy, and I must say that Captain Marlies delivered far beyond expectations. Although my client had booked the charter well in advance, he only finalized the full itinerary and details about a week before the start. Despite the short notice, Captain Marlies and her crew managed to accommodate all of his specific requests, and even went above and beyond.

We also had a tandem charter with another yacht for my client’s friends. Captain Marlies ensured that the coordination between both yachts, myself, and the entire group was perfectly smooth, which was greatly appreciated by everyone involved. Working with Captain Marlies has been a real pleasure, and I couldn’t recommend VAUBAN and her crew more highly.”
